- Ghost Ship on the Delaware River Waterfront 10/4-11/3
- Haunted Circus Mansion- 10/18 & 10/19 @ Phila. School of Circus Arts

Trick or Treat

The Treat part is always my favorite, especially when Oreo Monster Pops are on the table. They are so easy to make too! All you need is 1 package of double stuff Oreos, melted chocolate, mixed sizes of candy eyeballs, and brown royal icing. To start you will insert 1 lollipop stick into an Oreo. Next, melt the colored chocolate according to package directions. Then, dip the Oreo pop into the melted chocolate and place on parchment-lined baking sheet. Ready for the fun part... add candy eyes (you can do a mix of different eye sizes). Next, chill in the fridge until hard. Finally, my favorite paper... use the brown icing to pipe the eyebrows on the monsters and **BOOM,**

enjoy!
